

Repair Investigation Instructions

Out of Warranty Period

CONDITIONS OF USE:

1. In the first instance, you must contact us via email to problem-solve the issues you are experiencing.
2. If you have already contacted us and received confirmation to go ahead with a Repair Investigation, you must:
 - 2.A Record your RMA Number as provided by us on the form overleaf.
 - 2.B. **Purchase a Repair Investigation product** in the website Shop, and record your Order No. on the form overleaf.

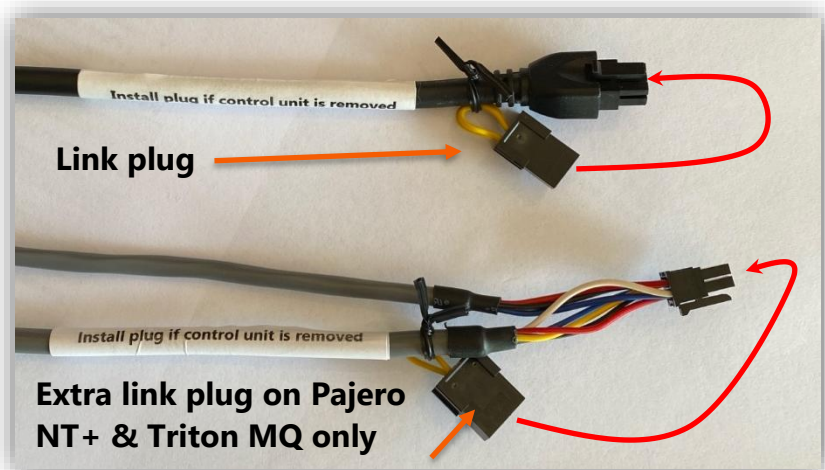

Here are your instructions. All that we require is for you to send us the kit components (as identified during the problem-solving process) and the attached form, unless otherwise specified.

INSTRUCTIONS

1. Complete the lodgement form overleaf and return it with your console unit/components.
2. Unplug the control unit and remove it.
3. Locate the link plug originally supplied with your unit. Plug it into the cable. The link plug/s return the transmission wiring to factory operation. The Pajero NT+ and Triton MQ have two link plugs.

If you don't have link plug/s?

It is OK to drive without the link plug/s, you will just have a transmission and engine error lamp which will need to be cleared once the control unit is installed again.

In the Toyota, the 4LO will flash and the Precrash Safety System and Stability Control will be disabled.

In the Pajero, you will get a transmission error (flashing N) that disables Sport mode and cruise control.

In other models, the gear number or 'D' may flash.

(Continued overleaf)

4. At your local Post Office purchase a padded mailer that your items will fit into. **Please address exactly as show below and do not mark as 'Signature on Delivery' (not required for PO boxes).**

MM4X4
PO Box 70
ST AGNES SA 5097

5. Write your sender details on the rear of the mailer.
6. Keep a record of your tracking number.
7. As soon as your control unit has been dispatched, please send us an email to let us know: enquiries@mm4x4.com.au.
8. We will let you know when your control unit is received by us.

MM4X4 REPAIR INVESTIGATION LODGEMENT FORM

**PLEASE SEND THIS COMPLETED FORM TO MM4X4 WITH YOUR
UNIT/COMPONENTS**
